Education is the Manifestation Of
The Perfection Already In Man...

PROSPECTUS

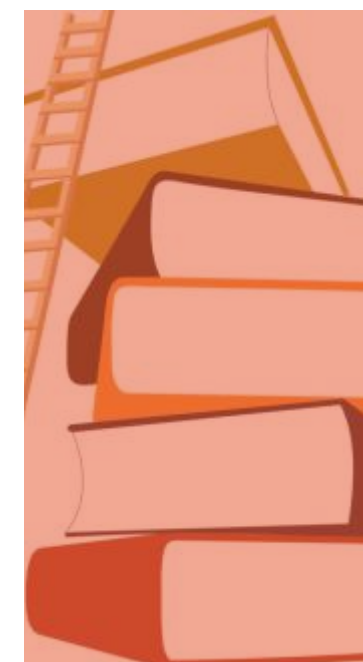

"Education is the manifestation of perfection already in man"

"From the unreal lead me to the Real,
From darkness lead me to Light,
From death lead me to Immortality"

Today we live in a world radically changing under the explosive growth of science and technology. Technology has handed us powerful tools that have improved our standards of living, conserved our time and energy, increased our lifespan and also created new ways of recreation. Reaching almost every sphere of life. Unbridled use of technology is unleashing new ideas and values at a rapid pace. These modern ideas and values are subtly but surely reshaping our thinking our value systems and shaking the very foundations of our society and culture.

Our children therefore need not only technical knowledge, but also a strong ethical sense, moral fibre and strength of character which would endow them with the ability to recognize the right course of action and the will-power to tread it. Armed thus with strength of character, they can safely handle the power that technology gives them and become self-reliant and responsible global citizens.

In the memory of

“Smt Soniya Devi Induria”

Principal Desk

It gives me great pleasure to be the principal of Swami Vivekananda Senior Secondary School, Raipur (C.G). Today, SVS is a multi-cultural school which endeavours to promote the all-round development of the child through learning for life. In a span of over two decades, the school has widened its horizon and changed the conventional norms of teaching to bring about a truly inclusive system of learning.

We are one of those few schools in the country that practice a system of inclusive education. Our highly qualified team of Special Educators ensure that children with diverse needs are given individual attention. We encourage personal expression and celebrate experimentation by every learner. Besides doing well academically, our kids go all over the world winning laurels for the school in the fields of sports and culture and engaging in community service.

We try to impart best possible education to our little one's who are the future of the nation with the best possible teaching techniques available in today's modern world & the curriculum is based on the guidelines of CBSE as the school is completely affiliated to CBSE, Delhi. We have been innovative on many fields focusing on extra circular activities for the overall development of the child. My staff members have been the back bone & strength for all of us, they have given their best in carving the child's future & created better citizens & helped in Nation Building.

Our Motto

According to Indian philosophy God is hidden in every child. We have to manifest this divinity. Our aim is to make every child a better human being so that he / she is able to serve the family and the world at large.

Focus is on their talents and inbuilt qualities for nation building and a happy society. Devotion to God, love of nature, sensitivity to the needs of others are particularly emphasized.

Techniques

Education is a misnomer unless it helps one to build one's character. Hence the School aims to a overall development of the child's personality, to instil in the students self confidence to face the world in later years, to have a sense of affinity and responsibility towards family and humanity at large.

The child's brain is highly delicate organ and therefore requires very careful handling. Our School's duty consists solely in helping the natural enfoldment of its latent faculties, by rousing the self-activity of the students. Our teachers try to awake this self-activity by loving and sympathetic care With the help of modern techniques such a audio visual aids computers, online encyclopedia pictorial references and other enhance education techniques, our teachers try to educate the child.

Features & Location

Swami Vivekananda Senior Secondary School Raipur was established in 1992. It is an independent autonomous body under Smt. Sonia Devi Induria Smriti Siksha Samiti.

To meet the growing need of people it has branches in Choubey Colony, Dagania & upcoming Residential School at Guma Raipur. The infrastructure consists of multi-story building and pre-primary playgroup block, with spacious well-ventilated and furnished classroom, auditorium, playground, lush green lawns, besides hygienic and adequate sanitary facilities.

Apart from the final examination, students' performance is reviewed through unit tests, quarterly examination, half-yearly examination pre-board and internal assessment during the year.

Sport, cultural and other Co-curricular activities are conducted which include inter-school, inter-class & inter-house competitions. Within a few years due to its untiring efforts, the school has emerged to meet the high aspiration of students and parents, resulting in outstanding performance in X & XII board examinations. The school is located in an area which is easily accessible for all residents of the city.

Objectives

Beside others the following objectives are primarily emphasised:

To bring into actuality the potentials of a child.

To equip the child with the necessary academic learning to meet his own and the needs of the society.

To develop in the child national and international understanding.

To inculcate in the child the religious and secular values.

To develop in the child a respect for people of all religions, castes and creeds.

To instill meaningful discipline necessary for life.

Continuous and Comprehensive Evaluation

Continuous and Comprehensive Evaluation (CCE) refers to a system of school-based evaluation of a student that covers all aspects of a student's development. It is a developmental process of student which emphasizes on two-fold objectives. These objectives are continuity in evaluation and assessment of broad-based learning and behavioural outcomes on the other. The term 'continuous' is meant to emphasise that evaluation of identified aspects of students' 'growth and development' is a continuous process rather than an event, built into the total teaching-learning process and spread over the entire span of academic session. It means regularity of assessment, frequency of unit testing, diagnosis of learning gaps, use of corrective measures, retesting and feedback of evidence to teachers and students for their self-evaluation. Continuous and Comprehensive Evaluation

The second term 'comprehensive' means that the scheme attempts to cover both the scholastic and the co-scholastic aspects of the students' growth and development. Since abilities, attitudes and aptitudes can manifest themselves in forms other than the written word, the term refers to application of variety of tools and techniques (both testing and non-testing) and aims at assessing a learner's development in areas of learning, like:-

- ❖ Knowledge
- ❖ Understanding
- ❖ Applying
- ❖ Analyzing
- ❖ Evaluating
- ❖ Creating

Regular Assessment

All Assessment schemes are completely based on the methods drawn & guided by the CBSE.

The prime focus of the School is on

- Innovations in teaching-learning methodologies by devising students friendly and students centered paradigms.
- Reforms in examinations and evaluation practices.
- Skill learning by adding job-oriented and job-linked inputs.
- Regularly updating the pedagogical skills of the teachers and administrators by conducting in service training programmes, workshops etc.

The Scheme of assessment relating to student's performance and attainment is based on unit tests at regular intervals followed by examinations at the end of each term. Besides this we have the internal assessment method, whereby a child's progress is judged not only by his studies but also by the overall performance throughout the year including extracurricular activities.

The aim of the Scheme is to reduce the heavy dependency on annual examinations thereby distributing the burden of studies evenly throughout the year and making it less cumbersome for students.
